Dear Parents:

The Versailles School Lunch Program features PayForIt.net, which is an online web-based payment system that provides parents the opportunity to access and make payments to their child's lunch account. Below are some key facts to remember concerning the payforit.net system.

- The use of this system by parents is not required. This system is offered as a convenient way to make payments AND/OR monitor your child's lunch account.
- If parents choose to use this system, you must sign up and create an account secured with a credit card number.
- There is no charge to sign up and monitor your child's account. Fees are only charged when you make a payment using the payforit.net system.

Fee Schedule - You will be charged:

- 5.75% for credit card transactions
- 5.75% for debit card transactions (must have Visa or Master card logo)
- \$1.25 for ACH check

Examples:

- If a parent wishes to make a payment of \$90.00 to their child's account with a credit or debit card, the credit or debit card will be charged \$95.18 (\$90.00 for the payment and \$5.18 for the transaction fee).
- If a parent wishes to make a payment of \$100.00 to their child's account with an ACH check, \$101.25 will be withdrawn from your checking account (\$100.00 for the payment and \$1.25 for the transaction fee).

Please follow the instructions provided on "Versailles School PayForIt.Net Sign-Up Procedures" letter. Instructions are also available when parents access the payforit.net website.

If you have any questions regarding payforit.net, please call Janet Mendenhall, Food Service Director, at 937-526-4681, Ext. 5000.
